

Workshops

Enjoy these free workshops taking place in program room 2.

Digital Post-It Note with the Code Mobile

11:00 am – 12:00 pm

Join the **Code Mobile** squad for a beginner-friendly introduction to HTML & CSS. Participants will create a 'Digital Post-It Note' project that they will be able to continue working on beyond the workshop. Advanced registration required. *Recommended for Adults & Teens (14+)*

Presented by: [Canada Learning Code - Code Mobile](#)

Nat's Robotics Academy Presents: Program a 3D Game with Javascript

1:00 – 1:45 pm

Kids ages 9-12 are invited to join **Nat's Robotics Academy** for this free, 45-minute programming workshop. You'll learn the basics of programming a 3D web game using Javascript. Advanced registration required.
